**Report**  
**Plantation Drive**

Today on the 20-03-2025, the Department of Environmental Science in collaboration with the Eco-Club of the college, under the patronage of the worthy principal, **Prof. (Dr.) Neelofar Bhat** organized a **Plantation Drive** across the college campus to commemorate 'International Day of Forests' celebrated on 21<sup>st</sup> of March every year. The main aim of this drive was to create an insight among the students towards the conservation and sustainability of the forests in particular and the trees in general. This initiative aimed to enhance the green space in the college campus leading to overall development of the landscape together with providing immense green cover. The plantation drive started with the ceremonial planting of first sapling by the worthy principal followed by huge participation from the staff as well as the student community. The teachers and the students of this college ensured to look after the planted saplings, keep planting more trees in the future and also motivate others to do the same.
