Report

Painting Competition

Today on the 22-03-2025, the Department of Environmental Science in collaboration with the Eco-Club of the college, under the patronage of the worthy principal, **Prof. (Dr.) Neelofar Bhat** organized a painting competition in the college campus to commemorate 'World Water Day' celebrated on 22nd of March with this year's UN declared theme, '**Glacier Preservation**'. The main aim of this competition was to inculcate among the students the vital role of glaciers in sustaining life and the water cycle, and the need for action to address the impacts of melting glaciers. The students from different disciplines participated in this competition with great enthusiasm. During this competition, the students expressed some of the insightful ideas on their painting sheets regarding the importance and preservation of our water bodies, glacier reserves as well as life forms directly dependent on such resources from further deterioration and pollution. The paintings in this competition were evaluated by a team of teachers headed by Prof. Rubina Shaheen (Head, Department of Home Science), and the first position was bagged by Hadiya Nazir of 4th Semester, second position by Sabbiya Tariq of 6th Semester and third position was shared by Khair ul Nisa and Nuzhat Aziz of 6th Semester.
